

Delivery and Storage Options

Collection Made Easy

Thanks for bidding with Zachys! Please note you have 14 days to settle your invoice and arrange shipment of your purchases. Zachys can help you arrange for packing, transit insurance, and shipping. You can access and select shipping anytime after the auction has closed and invoices paid on our Storage page.

We've also listed below a few highly regarded third party services to pick up purchases on your behalf. Our clients often use these services for the safe transport of their private wine collections. For full details on our collection policies, please see our Terms and Conditions.

In addition, for those looking to enjoy your wines for an upcoming event, whether for a dinner party, celebration, or special occasion—we offer **expedited delivery through our common carrier network**, including:

- Next Day
- 2-Day
- Ground Service

This flexible delivery structure allows you to choose the best timeline for your needs. However, as temperatures can vary significantly across regions and seasons, we always encourage clients to **ship during ideal weather windows** to avoid exposure to extreme heat or cold. Please note we do not normally hold for weather extremes. Orders placed through us will ship in a normal processing window.

To help mitigate seasonal risks, we offer **complimentary storage for up to 90 days** on all auction and retail purchases through our New York Fine Wine Partner, giving you control over when your wines ship and ensuring they arrive in optimal condition.

Forwarding & Storage Partnerships

We maintain regular pickup schedules with leading wine storage partners, including:

- New York Fine Wine Storage
- UOVO
- Horse Ridge Cellars
- River Valley Wine Cellars
- Manhattan Wine Company

Perfect for collectors who prefer consistent and secure transfers to long-term storage.

NEW YORK **fine wine storage**

New York Fine Wine Storage offers **complimentary storage for up to 90 days** on all Zachys auction and retail purchases, giving you control over when your wines ship and ensuring they arrive in optimal condition.

30 Midland Avenue

Port Chester, New York 10573

Offered in both New York and Delaware

Storage & Logistics (formerly Domaine and Vino Vault)

UOVO is a premium storage and logistics company with secure, climate-controlled facilities who can ship your wines to any of their nationwide locations listed below. To use this option, use or set up a UOVO account and choose UOVO as your delivery method at checkout. Uovo will pick up on your wine from Zachys and transport to your selected Uovo Facility. UOVO's charges apply, and once the transfer is arranged, customers work directly with UOVO for delivery timing and other inquiries. Please reach out to Uovo to set up an account before selecting this option.
